Companies - Title - New edited competition-	In the 'Page modules' area click on 'Add new module' and add	The 'Contents' drop down menu produces a menu above the drop down menu		55

Submit entry - Page properties	a new module	<p>when the drop down appears at the bottom of the screen and there is not enough room to display the drop down values below the drop down box. This is fine but the menu appears about an inch above the drop down box and users cannot see all the options available. The drop down box appears above 'Telerik.Web.UI 2010.1.415.40 trial version. Copyright telerik © 2002-2009. To remove this message, please <a href="#">purchase a developer version.</a>'</p> <p>I just tried to recreate this unsuccessfully - needs to be analysed further but the telerik message was appearing above all the drop down menus</p>		
Companies - Title - New edited competition- Submit entry - Page properties		There are 3 drop down menus in the 'New module' box. The third drop down is unnamed and unpopulated		56
Companies - Title - New edited competition- Submit entry - Page properties		<p>Icon acts differently in 2 locations on the page - See Image 10</p> <p>There is a green and white icon to the left of Title - Competitions list</p> <p>The same icon appears in the top left of the page modules window.</p> <p>Clicking on the icon to the left of Title - Competitions list does nothing. However, clicking on the icon in the Page modules window will either Restore down or maximise depending on its state when you click on it</p>		57
Companies - Title - New edited competition- Submit entry - Page properties		In the New Page module window I entered the Placeholder title and then chose Submit. No new module was created and no error message		58

		appeared to prompt me as to what I was doing wrong. See Image 11. I did get a 'Server Error in '/' Application: Runtime error.' Message after clicking on submit 4 or 5 times
