<b>Description</b>			
Interactive Map Search allows to select by cursor the continents only and none of the countries all over the world except Austria, France, UK.			
Steps to reproduce:			
<ol style="list-style-type: none"><li>1. Go to the main page of bookagolf.com</li><li>2. Move the cursor over the world map and select Europe, Asia consequently by clicking on their geographic locations.</li><li>3. Try to select any country on the map by putting the cursor on its location.</li></ol>			
Expected result: the map is supposed to be scaled properly and each country is supposed to be marked with green thick line along the borders.			
Actual result: There are only three countries Austria, France, UK that are allowed to be selected and continue the search of required golf club.
