Description	
Inconsistent use of the upper- and lowercase for the brand "Mini" on the website => the website is dedicated to this brand, that's why should be consistent spelling and writing of the brand title	
Steps to reproduce:	
1. Open the website http://hostft.kl.com.ua	
2. Go on the homepage, then on the "Почему Mini?" page	
3. Pay attention to the different cases of the letters	
Actual result: Brand title "Mini" ist written inconsistently either with uppercase letters or with lower case.	
Expected result: the brand spelling should be proper and consistent
