Sprint/Milestone:	3.1.0		

Description

"Help Wonder" and "Recycle Unit" are extremely similar. A feature added to the action performer function of one should probably also be added to the action performer of the other.

Merge `unit_do_recycle()` and `do_unit_help_build_wonder()` to the new function `unit_do_help_build()`. This gives "Recycle Unit" notification of city owner when receiving help from another player and `Casus_Belli_Success` support.
